The Sacred Heart of Jesus and Dom Guéranger

As in the thirteenth century our Lord had passed by learned men and even great saints then living and selected Bl. Juliana of Liege as an instrument for bringing about the institution of the Corpus Christi feast, so in the present case he would have His Heart glorified in His Church by a solemn feast; and He imparts and entrusts His wish to the humble Visitandine of Paray-le Monial, now known and venerated under the name of St. Margaret-Mary. Through this apparently inadequate instrument the Sacred Heart of Jesus was a heavenly reaction offered to the world against the chilliness which had settled on its old age: it became the touching appeal to all faithful souls that they would make reparation for all contempt and slight and coldness and sins wherewith our age treats the love of our Lord and Savior Jesus Christ.

‘I was praying before the Blessed Sacrament on one of the days of the octave and I received from my God exceeding great graces of His love. And feeling a desire to make some return, and give Him love for love, I heard Him say: Thou canst not make me a greater, than by doing that which I have so often asked of thee. He then showed me His divine Heart and said: Behold this Heart which has loved men, as it has spared nothing even to the exhausting and wearing itself out, in order to show them its love; and instead of acknowledgement I receive from the greater number, nothing but ingratitude, by their irreverences and sacrileges and by the coldness and contempt wherewith they treat me in this Sacrament of love. It is on this account. That I make this demand of thee; that the first Friday after the octave of the blessed Sacrament be devoted to a special feast in honor of My Heart; the thou wilt go to Communion on that day; and give it reparation of honor by an act of amendment to repair the insults it has received during the time of its being exposed on the altar.
